### AGENDA

- 6:30 I. Introductions
- 6:33 II. Additions or deletions to agenda
- 6:35 III. Approval of September 2019 minutes
- 6:36 IV. Off-street parking minimums in Saint Paul, *Potential draft resolution from committee member*

*Whereas, [“true transportation choice throughout the city with policies to ... reduce vehicle miles traveled \(VMT\) by 40% by 2040... \[And\] shift mode share towards walking, biking, public transit, carpooling, ridesharing and car sharing...”](#) are St Paul Transportation Plan Goals.*

*Whereas, St Paul off street parking minimums create complexity and cause distraction making it harder to plan and focus energies on change,*

*Whereas, parking minimums increase construction cost and financially constrain building options, they place St Paul at a disadvantage with Minneapolis (which eliminated off street parking minimums),*

*Whereas, parking minimums [“rob us of financial productivity and prosperity... hinder small business owners, homeowners, developers and renters”](#),*

*Whereas, eliminating parking minimums will lead developers and businesses to create parking spaces based on economic calculation and market demand (instead of meeting legal requirements),*

*Resolved, the Transportation Committee of the Macalester-Groveland Community Council requests [“Sec. 63.207. - Parking requirements by use.”](#) be removed from City code.*
