Required findings:

1. The applicant has established that there are practical difficulties in complying with the provision and that the property owner proposes to use the property in a reasonable manner not permitted by the provision. Economic considerations alone do not constitute practical difficulties.
2. The plight of the landowner is due to circumstances unique to the property not created by the landowner.
3. The variance will not permit any use that is not allowed in the zoning district where the affected land is located.
4. The variance will not alter the essential character of the surrounding area.
