Re: Parking Study: Proposed Amendments for “Parking Reductions” and “Full Elimination”

Dear Saint Paul City Planning Commission Members:

On April 28th, 2021, the Housing and Land Use Committee of the Macalester Groveland Community Council (“MGCC”) held a public eMeeting via Zoom, at which it considered the proposed amendments for “parking reductions” or “full elimination” in the 2021 Parking.

Prior to the meeting, MGCC did not receive any written comments in support or in opposition of the application. Fifteen non-voting community members attended the meeting.

After speaking with staff members from the Department of Planning and Economic Development, considering neighborhood feedback, consulting the Macalester Groveland Long Range plan, and assessing the merits of the proposed alternatives, the Housing and Land Use Committee passed the following resolution by a final vote of 21-10, with 1 abstention:

***** The MGCC Housing and Land Use Committee recommends the reduction of parking minimums in the City of Saint Paul, as laid out in the 2021 Parking Study. *****

If you have questions or concerns, please do not hesitate to contact me.

Alexa Golemo
Executive Director
Macalester-Groveland Community Council
